

Greetings!

We are Full Circle - Art Therapy Centre! We are a grass-root non-profit organization founded in 2004 by Pearl Lee and Lacey Ford, two graduates from the Toronto Art Therapy Institute. Our mission is to provide affordable art therapy services to a wide range of populations in Toronto GTA. After years of hard work, we are now opening our first physical location in November, 2018 and we offering memberships for like-minded art therapists to join our space with great perks!

We are located at:

- Close by a dollarama, a gym and loads of amazing restaurants!

Our operating hours are:

Monday - Friday from 10am to 8pm.

Saturday and Sunday - from 10am - 4pm.

We are looking for a maximum of 8 art therapists to share our space.

We have three individual art therapy room (one will be turned into a group art therapy room during the evening, from 6pm - 8pm or some mornings, depending on our group schedule).

We recommend not taking more than 4 clients a day and having 35 mins between each session, for note taking and self-care before the next client.

Only session time will be counted towards your package.

Under this agreement, Full Circle - Art Therapy Centre do enforce a non-compete clause with the partner organizations we work with. However, you are free to keep the individual clients that you found through us, as we understand how hard it is to find a therapist that works with your needs, so we want to make sure everyone gets the mental health support they need.

We want to create a space and a community where we can grow as art therapists; help spread art therapy and to respond to the growing need for affordable mental health care in our city. It is very important to us that our mission aligns with you. Please visit our website at www.fullcirclearc.com for more information regarding our mission or email us at fullcirclearc@gmail.com if you have any questions!

- Your professional liability insurance
- Due to insurance and accounting restrictions with our current capacity, we won't be able to help you collect payment, but we do have a square tap machine and swipe that you can use to collect payment. You just need to register for a square payment account.
